## FLINGING OUT BATTLE FLAG

Name of Tammany's Nominees to  
be Withdrawn

PICTURES ON FRONT OF BUILDING

Preparing to Make Things Lively in  
the Great Quadrangular Mayoralty  
Contest in the Metropolis.

By Wire To THE TELEGRAM.

New York, Oct. 4.—Richard Croker has decidedly finally, and makes the announcement, that no one will be taken down from the Tammany ticket, for any office in New York city. The talk of withdrawals was therefore premature. As if to burn the bridges behind the Tigers carpenters, were set to work this morning at Tammany Hall putting up a large frame work structure on the front of the building; on this the names of the nominees, and their pictures will be displayed.

ROBINSON-FRANKLIN HOLIDAY.

The Coming of the Greatest Show on  
Earth—A Real Holiday.

Every one is on the "qui vive" over the fact that the great Robinson and Franklin Bro.'s shows are coming to Greensboro on Saturday, October 16. This biggest of all big shows has everywhere met with the most enthusiastic reception, and the press in other cities do not hesitate in proclaiming it the most wonderful exhibition ever seen under canvas. In point of novelty or in the number of features, no other amusement enterprise can ever approach it. Its many exclusive features make it beyond question the representative big shows of the world. It requires four massive trains of especially constructed cars to transport it from town to town, four of the most thoroughly equipped and handsomely decorated advertising cars ever built are brought into service to herald its coming, and more than a thousand people employed, besides three hundred of the finest horses ever owned by any amusement institution. There are three rings, two elevated stages and a quarter mile hippodrome track all going at one time during the performance. The zoological display contains more rare wild beasts than any other two shows, and the largest water-proof tents ever constructed are required to properly give this massive entertainment and accommodate the vast audiences which daily throng to see the many wonders contained in these shows that can be seen nowhere else on earth.

FEDERAL COURT TOMORROW.

It Will be Held in the County Court  
House.

Federal court will convene in this city tomorrow morning at 10 o'clock. Already a number of people who have business in this court, are in the city, and tonight scores of others will come in.

Owing to the small size of the court room in the government building the county court house will be used, at least until the crowd gets small enough to be accommodated in the room built for the purpose.

We take it that the business of this court was small when the federal court house was built, and the allowance for its growth and increase was totally insufficient. Generally, there are almost enough of the festive moonshiners to fill the court room, to say nothing of several times as many witnesses.

If the train on the Winston division doesn't bring almost a court house full from the "State of Wilkes" then it will be a record breaker and Capt. Staggs may possibly be disappointed.

ANOTHER GOOD RECORD.

How it Was in the City Saturday and  
Sunday.

Another quiet Sunday passed in Greensboro, and we are glad to announce it. People are attending to their own business, pretty much, these days, and it is well. The police are "watching and waiting for you," and you not only save money by keeping sober, but you escape the horrors of a dark, dreary and dismal dungeon, by staying home with your bucket of carmine and paint brush.

One darkey—only one—got a little too gay Saturday night and undertook to color things a lovely red, but was pulled, and the mayor will complete the job.

Sam Harvey, a white man, filled up yesterday, and we are told, was making things exceedingly lively about his home, when an officer appeared on the scene and stopped the wild performance. He too, will tell his troubles to the Mayor, and his Honor will probably relieve him of the money he expected to get drunk on next Sunday.

## POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly  
Mentioned.

TELEGRAM BUREAU,  
HIGH POINT, N. C., Oct. 4, '97.

The series of revival services which have been in progress at Lebanon, one and a half miles north of here, conducted by the pastor and assisted by Tommy Cook, the boy evangelist, closed Friday. The services were well attended and over fifty professed faith in Christ as their savior. Forty-two additions were made to the church. The evangelist left Saturday afternoon for Randleman where he will assist in a meeting this week.

## THE TEMPLE CUP.

Games for its Possession to Begin in  
Boston Today.

The Temple Cup games open in Boston today and are all that is left of the base ball season.

The cup games have no official connection with the championship season, but are post-season games.

According to the stipulation of the donor of the cup, Mr. W. C. Temple, of Pittsburg, it is to be played for by the two clubs finishing first and second, the series of games to consist of seven, unless one or the other of the clubs win four before the last seven be completed. The cup was given in 1894, when New York, the second place club, won from the champion Baltimore in four straight games. Cleveland, which was second in '95, won it from Baltimore by taking four games to Baltimore's one. Last year, as is well known, the three-times champions beat Cleveland four straight and got the cup for the first time. The receipts are divided among the players, the victorious club getting 60 per cent. of the profits.

Three games will be played in Boston today and three in Baltimore, beginning on Saturday. Should a seventh game be necessary it will be played in some other city.

## THIEVES IN WEST END.

Chickens Stolen From Aunt Fanny  
Bumpass Saturday Night.

There are some mean, skulking parties in the western end of town who manage to get along by stealing, but are too mean and cowardly to steal from any but those who are powerless to protect themselves.

The chicken coop of Aunt Fanny Bumpass, on Poverty Hill, was broken open by one of these wretches Saturday night, and this is by no means the first time that Mrs. Bumpass has had chickens and other property stolen from her premises.

The world admires boldness and courage even in a burglar, but such a mean, pusillanimous thief should be strung up by the toes till the millennial dawn.

Thorn and Mrs. Mack Say Not Guilty.

By Wire To THE TELEGRAM.  
Augusta Mack and Martin Thorn were arraigned at Long Island City today on a charge of having murdered Guldensuppe. They pleaded not guilty to the indictment.

GREEK MINISTER OF FINANCE

Difference of Opinion Between Hay  
and the English Foreign Office  
Has Arisen.

By Cable to THE TELEGRAM.

Athens, Oct. 4.—The appointment of Streit as Minister of Finance of the New Cabinet has been excellently received here.

The minister has already announced his intention to issue indemnity loan bonds to cover the account exacted by the Turks; he will also enter into some arrangement with the old bond holders for the purpose of rendering their holdings less insecure than they are under the present arrangement.

Other members of the cabinet are as follows: M. Zaimis, the President of the Council, will assume the portfolio of the foreign office; M. Toman will accept the post of Minister of Justice and Minister of Marine ad interim; M. Colkerpas, that of Minister of the Interior, and M. Panagiotopoulou, that of Minister of Public Instruction.

## There is a Variance of Opinion.

By Cable to THE TELEGRAM.

Manchester, Eng., Oct. 4.—There is a variance of opinion between the foreign office and ambassador John Hay as to whether Hay verbally told Premier Salisbury that McKinley expected Russia and Japan to be represented in the Bering sea conference at Washington.

## Drowned by a Boat Capsizing.

By Wire To THE TELEGRAM.

New York, Oct. 4.—George Robinson, aged twenty-three, Adolph Pierce, aged thirty-five, Joseph Hartze, aged thirty, and Anton Hendricks, aged thirty-three years, were drowned this morning while out fishing in a boat which capsized. Three other men who were with them were rescued by a passing boat.

## His Elevator Burned.

By Wire To THE TELEGRAM.

Elizabeth, N. J., Oct. 4.—The large grain elevator of Paul I. Norton, on Broadway burned at eleven o'clock this morning. The loss has not been estimated, but will be heavy.

## Physicians Fear the Worst for Pope.

By Cable to THE TELEGRAM.

Paris, Oct. 4.—Reports received here from Rome today, say that the condition of the Pope has not improved. The attending physicians fear a fatal issue of the disease.

## A Virginia Klondyke.

A special from Welch, West Virginia, to the Richmond Dispatch of yesterday says:

Last summer O. L. LaRue and N. L. McLeod, both of this place, were spending their vacation in the mountains of Carroll county, Va. While they were riding along on the road they noticed a peculiar piece of stone, which they picked up as a souvenir of their trip. When they returned to this place they showed the stone to a number of their friends, one of whom, in a joking way, said the shining particles it contained might be gold. Out of mere curiosity they sent it to the State assayer at Richmond, to have it analyzed. When the assay was completed the sample was found to be very valuable. Upon hearing this the gentlemen went to Carroll county and discovered a mountain that was rich with the stuff. They secured about fifty pounds of it, and leased the richest and most central portion of the territory, some 750 acres. They sent some of the rock secured to have it assayed, and the report of it was that it contained \$17 worth of gold to the ton; silver, \$3 to the ton; copper, 4 per cent. This is considered a rich find, and may open a Klondyke in the Virginia mountains. As the place is only ten miles from the railroad, a short line can be built to it, thus enabling it to be easily operated.

## Appointed A Minister to Paraguay.

By Wire To THE TELEGRAM.

Washington, D. C. Oct. 4.—The President today appointed William R. Finch of Wisconsin, Envoy Extraordinary and Minister Plenipotentiary from the United States to Uruguay and Paraguay.

## Boats in a Fatal Collision.

By Cable to THE TELEGRAM.

Rotterdam, Oct. 4.—There was a collision this morning off Flushing between a Dutch and a Belgian pilot boat. The Dutch boat sank and four men were drowned.

## THE TORPEDO BOATS.

A Prospect of Lively Times For  
Them.

Washington, D. C., Oct. 4.—The torpedo boat flotilla has rendezvoused at Thompkinsville, S. I., the Porter, Cushing and Ericsson yesterday sailed from New York to join the Foote, which will be the flagship at that point. With the prospect for heavy weather during October, the little boats are expected to have a lively time when they start down the Jersey coast.

The Bancroft has arrived at Smyrna. The Annapolis has arrived at St. Petersburg, Fla.

## YELLOW FEVER SPREADING.

Only Two New Cases at New Orleans  
But Worse at Other Points.

By Wire To THE TELEGRAM.

New Orleans, Oct. 4.—Two new cases of yellow fever only, were reported to the board of health today. Thereports from Biloxi, Scranton and other points however say the disease is rapidly spreading.

## More Light Wanted.

Howard Gardner, the corner druggist, is having an excavation made on the Market street side of his building to put in a side light for the benefit of the basement of his store. He says he does not, in the least, mind the light being turned on his business.

MONDAY, OCT. 4, 1897.

You can get the telegraphic news twelve hours earlier in THE TELEGRAM than in any paper that gets into Greensboro, and for four dollars a year less.

THE country will now hear considerable talk from Baltimore on the decadence of base ball.

THE Tammany ticket may claim to be neither better nor worse than most merchandise—it is simply machine, made.

IF Postmaster Loftin is transferred from Hoggansville elsewhere it will probably lead to his being shot in another place.

MR. Butler is down, by the sea, but that does not justify a belief that the utterances of the Caucasian are a translation of what the wild waves are saying.

THE luxuriant grass that is thriving and waxing tall in the streets of Raleigh establishes the justice of other claim to be the Philadelphia of North Carolina.

IT will be noted that the nomination of Mr. Van Wyck for mayor of New York has not elicited a storm of protests from the saloonists of the metropolis.

IF Emperor William persists in his attempt to treble the tax on beer it may be predicted with tolerable certainty that something will drop over in the fatherland.

THOSE who have heard all their lives of the bone of contention will please note that for the first time it has been brought into court, in the Luetgert murder trial.

THOSE who talk about the demand for North Carolina typewriters in Washington should remember, also, that Governor Russell is taking evidence on that lease case still.

THE reply of Mr. Page, of the Aberdeen railroad, should convince Senator Butler that it is best to keep in the middle of the road and not go out of the way to slap at quiet folks who are bent on minding their own business.

IT will be well for Cuban sympathizers to moderate their rejoicing at the downfall of General Weyler until further events shall give the cue to conjecture. It is not by any means impossible that Spanish Liberalism may tally to a nicety with the American idea of tyranny. The attitude of a whole people, its character, its insinuations, do not change with a changing of ministers and it is patent enough that the Spaniard is bent on keeping Cuba, while the trail of blood that has followed his advance and retreat through four hundred years of history marks him a tyrant yielding only what he cannot hold. Nothing less than absolute freedom will now satisfy Cuba and while a liberal ministry may be disposed to grant concessions it will not concede Cuban autonomy, of its own free will. A change of generals and ambassadors, fruitless negotiations and a resumption of hostilities, with the usual incidents, until American intervention or Cuban valor ends the conflict would be the logical results of this change of ministers.

SENATOR BUTLER'S Vandyke beard may possibly have its root in envy of Keeper Burns' reputation as an artist.

THE fate of the American might easily be worse after all. The foot-ball season laps with the baseball struggle and before the last goal has been safely kicked congress will be hard at work saving the country again. We are never quite without a show of some kind on the boards.

THE fact that a girl from Chicago has won the Mendelssohn stipendium in a contest on the violin should set at rest once for all the talk about environment making the individual. If that theory were correct, Chicago would turn out performers on the steam siren who would easily lay competitors in the shade, but the violin would not be her strong suit.

## GENERAL NEWS IN A NUTSHELL.

Senor Sagasta, the Spanish liberal leader, has undertaken to form a ministry.

Fighting has been resumed in India between the British and the rebellious tribesmen.

Rumors of an alliance between Peru and Argentina against Chili have been circulated in South America.

Miss Leonora Jackson, an American was awarded the music prize in Berlin known as the Mendelssohn stipendium.

Earthquakes have shaken many places on the coast of Borneo, and a new island has been thrown up near Mampakul.

The appraisers of the estate of the late Senator James G. Fair, of California, estimate its value at not more than \$15,000,000.

Secretary of the Navy Long, it is understood, in his annual report will recommend the construction of three battle ships and ten torpedo boats.

Members of the Citizens' Union, who favor Seth Low for Mayor of Greater New York, are much encouraged by the outcome of the Tammany convention.

The North Atlantic squadron will rendezvous at Boston by October 14 to be present at the centenary of the launching of the old frigate Constitution.

Eugene V. Debs, suggests that the Chicago street railway employees apply for an injunction to restrain the railway company from preventing their joining the union.

The boundary dispute between Nicaragua and Costa Rica has been decided in favor of Nicaragua by General Alexander, who was appointed by President Cleveland to settle it.

John D. Crimmins, the New York contractor, is said to have broken the record for rapid construction in this country by laying and fully equipping ten miles of the underground trolley system in that city in twenty-four days.

## DEFICIT \$3,435,717.

### Excess of Governmental Expenses Over Receipts in September.

The monthly statement of the government receipts and expenditures during September, 1897, shows the receipts to have been \$21,933,098, and the expenditures, \$25,368,815, an excess of expenditures over receipts of \$3,435,717.

For the three months of the fiscal year the excess has been \$29,015,954. As compared with September, 1896, there is a loss of \$2,651,146 in the amount of the revenue, and a decrease of \$1,210,720 in the expenditures. The receipts for September last are given as follows:

Customs, \$7,943,100; internal revenue, \$12,701,975; miscellaneous, \$1,288,022.

As compared with September, 1896, this is a loss of about \$3,400,000 from customs, and a gain of about \$1,000,000 from internal revenue sources.

### Great Business Scheme.

"Don't you think we ought to reduce the price of our wheels next year?" asked the sub-manager.

"Never," said the manager. "The Whizzles Company will never lower the price of its bicycles."

"Something will have to be done," "I've got it. We will reduce the price of repairs."

### Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at C. E. Holton's drug store.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at C. E. Holton's drug store.

## BRIEF LOCAL MATTERS.

Johnson & Dorsett change their advertisement today, and tell you where to stick pins.

W. A. Johnson, of Mebane, passed through the city last night enroute to Washington.

Matthews, Chisholm & Stroud, are talking about seasonable garments, etc., in their ad today. Read it.

Miss Martha Brown has returned from New York, where she purchased a beautiful line of fall and winter millinery for Mrs. Cator & Co.

Miss Bertha Creighton will appear at the Academy of Music tomorrow night in the beautiful and thrilling story of "Romeo and Juliet."

Dr. W. J. Staley, of Liberty, was in the city today. The doctor drove up through the country, he says, for the second time since the C. F. & Y. V. road was built.

A lot of extra coaches were carried up on the Northwestern branch this morning. Dollars to doughnuts that they went to the "State of Wilkes" to accommodate "patrons" of the federal court here this week.

We noticed on yesterday a cherry tree in the yard of Mr. W. B. Beacham, on N. Spring street, with full blown blossoms on it. This is nothing really new in these parts, but its the first we've seen this season.

Ernest R. Carr, of Trinity, N. C., arrived in the city this morning to go into the insurance office of his father, Prof. O. W. Carr. Ernest is already well known in Greensboro and his friends are glad to know that he intends making this his home.

THE TELEGRAM office will be moved this evening to the Katz building, down stairs, corner South Elm and East Sycamore streets. Entrance, first door on East Sycamore. Patrons and friends will please note this; you'll find us there tomorrow.

One of our fire laddies mistook the cathedral gong clock in West Market street church yesterday for the fire alarm. It was during service at 11:30, when the clock tolled the half hour, and the gallant fireman, on duty bent, made a break for the door and escaped.

Rev. Dr. John C. Kilgo, president of Trinity College, Durham, was here today returning home from Ramseur, where he dedicated the new Methodist church yesterday. Dr. Kilgo, told ye local that he preached to a large congregation yesterday, and he is much pleased with his trip to this really charming little village on the banks of Deep river, down among the Randolph hills.

### Dr. Blue Mountain Joe Tonight.

The reception of Dr. Blue Mountain Joe has been so hearty that he has concluded to remain a few days longer. The show on Saturday night was the best yet given, and the seats were filled with pleased spectators, who remained to the last fall of the curtain.

Tonight an entirely new program is promised, consisting of songs, dances, specialties in the darkey comedy line and other things amusing. Excellent music by the orchestra. No charges will be made for admission to the grounds. Seats may be had for usual nominal price of ten cents. Go early and avoid the rush, for seats. Many are compelled to stand at the free performances.

### Foot Ball Tomorrow.

Our foot ball team goes out to Guilford College for the first game of the season tomorrow afternoon. The boys will leave about three o'clock and drive out for the game. All players are requested to go, and rooters generally, will be welcomed by the party. The team will play Guilford again on Thursday on the Guilford grounds. The arrangements have not been finally made as yet, but it is probable that a game will be played with Fairview on the grounds here on next Saturday. Tomorrow week our boys play the University eleven on the grounds at Chapel Hill.

### Two Excellent Sermons.

The sermon by Rev. Horace Weeks Jones, rector of St. Barnabas, on the perversion of the moral and spiritual nature, the true and the good in sacrifice to the conventional was pure and strong in thought and expression.

Rev. Dr. E. W. Smith preached the sixth of his series of sermons on Character. Faith was the theme, presented in an earnest and able discourse. These two sermons, while different in the selection of texts, were a standard of living that would make this world much better were it followed.

### Business Meeting and Social.

Tonight at 8 o'clock the Christian Endeavor Society of the First Presbyterian church will hold its regular business meeting in the Sunday school room, at which time all Endeavorers are requested to be present. After the business is transacted a social will follow. Hot chocolate will be served by the young lady members of the society. Chairmen of the various committees are requested to hand in written reports.

## MISS BERTHA CREIGHTON.

### Romeo and Juliet by Her Company at the Academy Tomorrow Night.

First appearances are nearly always fraught with nervousness, terror and interest. Miss Bertha Creighton made her theatrical debut at the early age of seven years in a town in the far west. A traveling company advertised to play Rip Van Winkle, but arrived in town without a child for the part of "Mina." As chief "speaker" on recitation day at school, little Bertha Creighton was chosen for the place. At three o'clock in the afternoon she was given the lines which her mother taught her. Dressed in a blue apron, with two little Dutch braids hanging down her back, she marched to the theatre, and without any rehearsal, and played the part, as the star afterward said: "Not only did she speak the lines, but showed emotion." He brought her before the curtain with him, in response to calls of the audience and said: "If this little girl's parents are in the audience, and they do not intend her to be an actress let me tell them that it is too late, she is one already; if she were mine I would not take the entire west for her." He evidently meant what he said, for little Miss Bertha, accompanied by her mother, remained with his company until too large to play children's parts. Miss Creighton soon after sailed for England, and remained there for some time, seeing the best performances and gaining knowledge in her chosen art, but it is to the excellent training in the wide range of parts which she received as a child, that she attributes the fact that she was able to hold the position of leading lady in a New York production at the age of seventeen.
